

AttendanceGuru: Simplify and Automate School Management

AttendanceGuru is a comprehensive school management solution that automates attendance, simplifies exam management, fee management and communication with parents.

About Company:

Edzon Tech Services Pvt. Ltd., founded in 2016, is an Ed-Tech company headquartered in Hyderabad, India. We leverage technology to streamline education by developing tech-automation solutions for institutions, tutors and students/parents. Our key products include facial recognition or RFID-based attendance systems, automated website/ App generation for Institutions.

Why Choose AttendanceGuru?

Trusted by Schools,

Our registered company provides services to over 15,000+ members across 75+ schools in 7 cities, supported by 100+ installed devices.

Fast , Efficient , Secure and Accurate

- I. **Cloud based software** to offer higher security, reliability and availability.
- II. **Advance Face Attendance System** offers efficient and accurate attendance tracking method.
- III. **Smart iD (Rfid) Attendance** is 10x faster than biometric systems, saves time and improves efficiency.
- IV. **Other offerings** e.g. Fee, Exam, Assignment management saves at least 20% of the teachers & management employes efforts.

Our Products:

Face Attendance System

- A face attendance system uses facial recognition technology to automatically record attendance.

Instead of manual methods like signing a register or swiping an ID card, **individuals** simply have their **faces scanned** by a phone **camera**.

- Turn your **phone** into a smart **Face-Scanning device**.

Our Products: **Smart ID Based Attendance System**

- An **RFID (Radio-Frequency Identification)** smart attendance system is an automated way to track and record attendance using radio waves.
- **Attendance Making:** Students, Teachers, Staff taps iD card on device. Attendance is done automatically.
- **Parents** get notification.
- Institute **admin** gets **attendance report/percentage**.
- **RFID** attendance is **10x** faster than biometric systems, saving time and improving efficiency.

Attendance Tracking in Real-Time

- **Flexible Attendance Marking:**

Manual attendance marking is possible, allowing flexibility in situations where RFID devices are unavailable.

- **Comprehensive Attendance Views:** Admins can view attendance data for various timeframes, including a day, week, or month, providing insights into student attendance patterns.

- **Parent Access:** Parents can view their children's attendance records, fostering transparency and communication between the school and families.

Notice Board: Enhancing Communication

Centralized Notice Publication

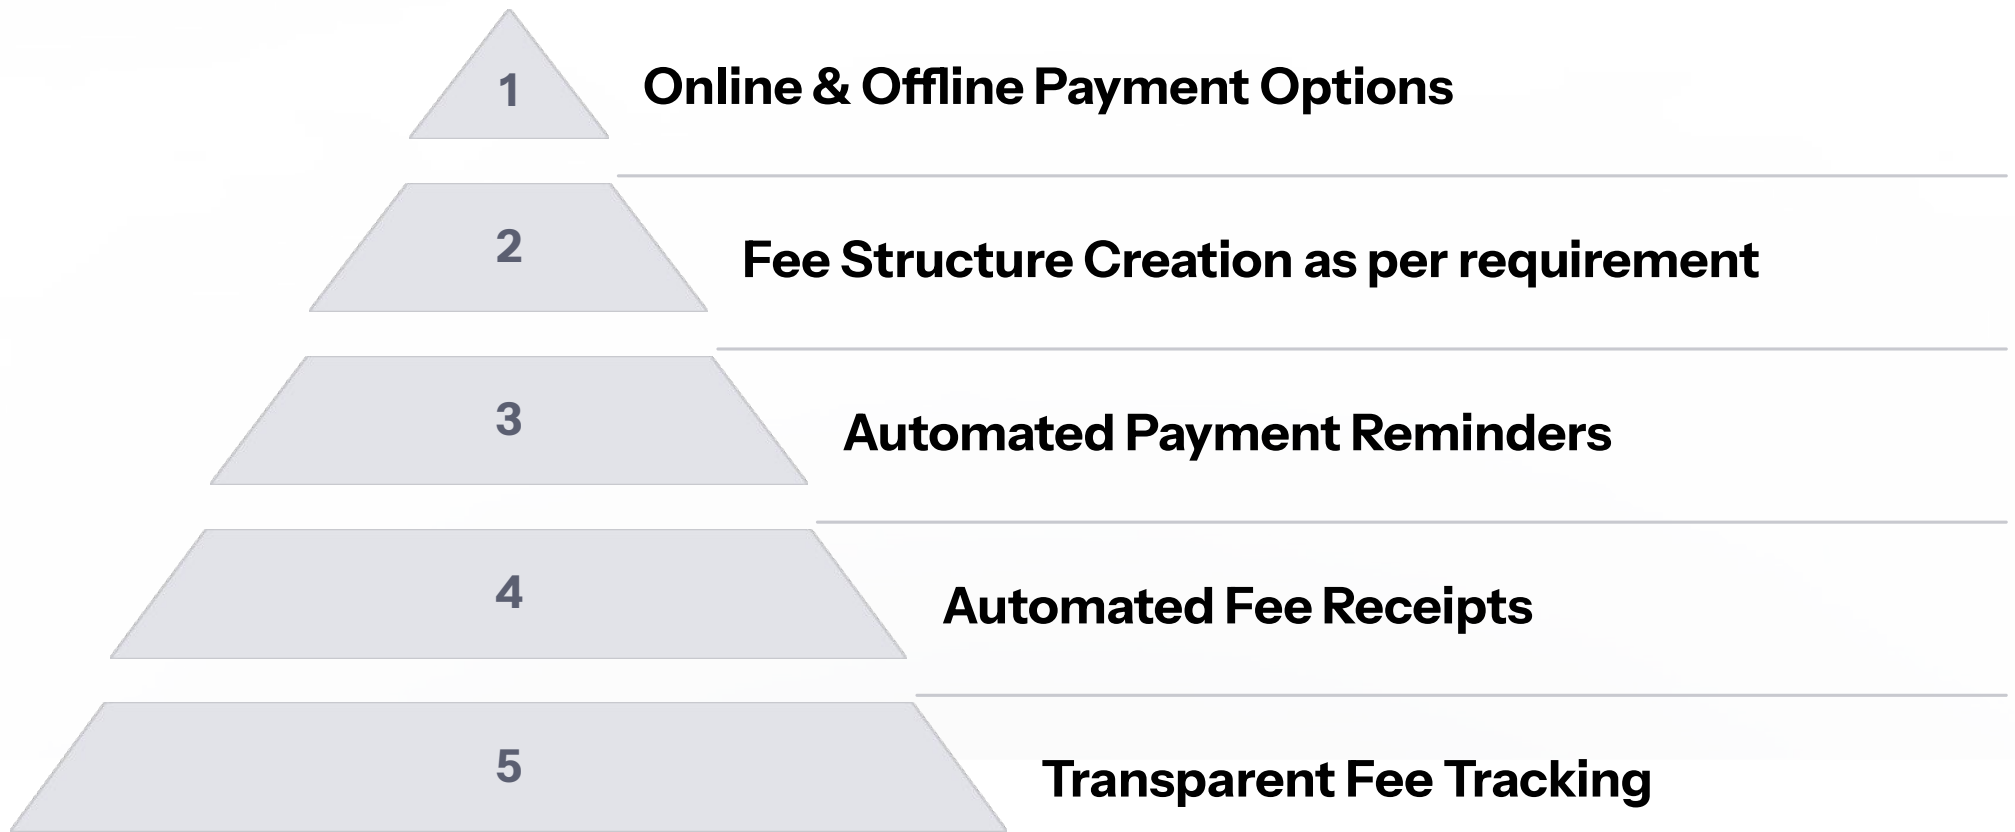

Admins can publish important notices for specific classes or the entire school, ensuring all stakeholders receive critical information.

Instant Notifications

Notices are published instantly, enabling timely communication and reducing delays in relaying critical information.

Fee Collection: Transparent, User-Friendly and Secure

Enhanced Safety & Automation

1

Automated Attendance Alerts

Parents receive notifications when their children arrive/leave/scan their IDs at school, providing peace of mind.

2

Truancy Detection

The system identifies students who leave for school but don't register attendance, prompting notification to parents for immediate action.

3

Automated Attendance Reports

Generate attendance reports (overall attendance, percentages) with a single click for easy data analysis and download.

Cost-Effective Solution

1 Affordable Pricing

Our monthly charges starts from less than **Rs. 17** per per student per month.

2 Reliable Service

We have a 99.9% uptime record with 24x7 support, ensuring minimal disruption to school operations.

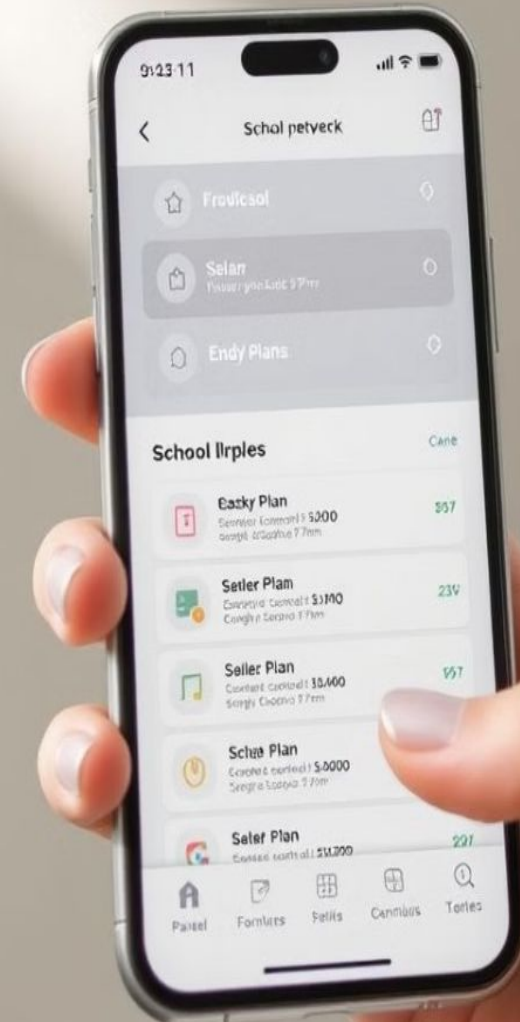

Flexible Plans and Payment Structure

Plan Options

Choose from **Economy, Standard, or Premium plans** to suit your school's needs.

Payment Structure

Pay in four installments, starting with an advance payment and completing the balance upon delivery and setup.
